

Sammenligning av opptak mellom institusjoner – 2-årig master SU-fakultetet

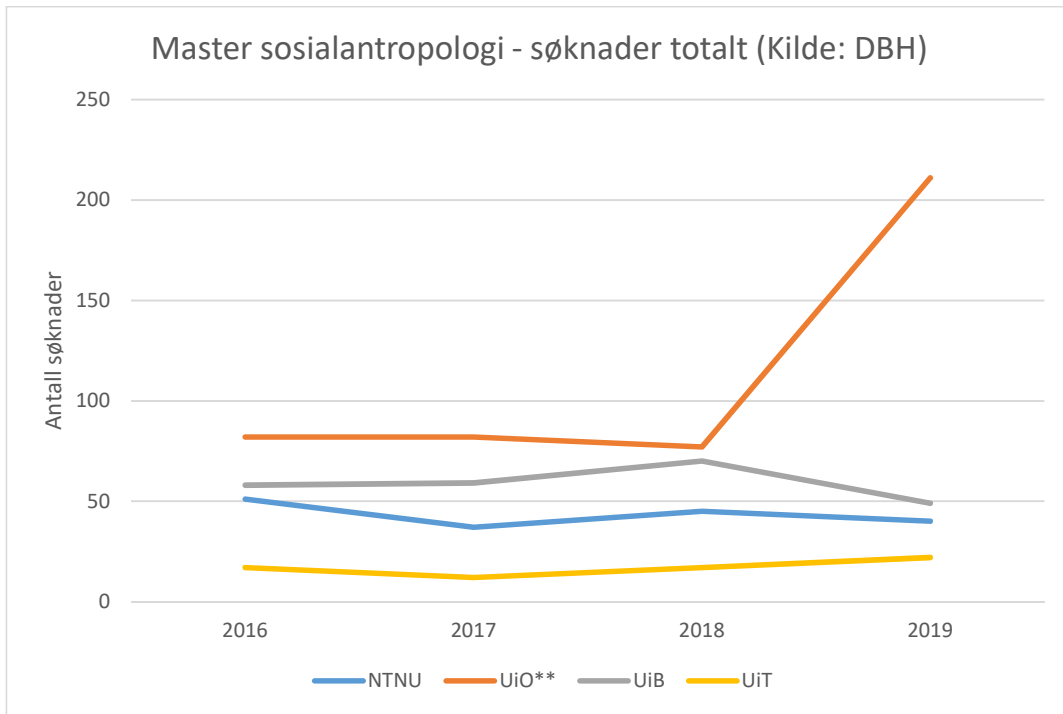

Det er gjort et utvalg av disiplin-masterprogram hvor det er sammenlignet tre opptaksparametre over en 4-årsperiode (2016 – 2019) mellom SU sine program og 3-6 program fra andre institusjoner, primært BOTT-universitet. Kilde: DBH.

Utvalgte parametre er:

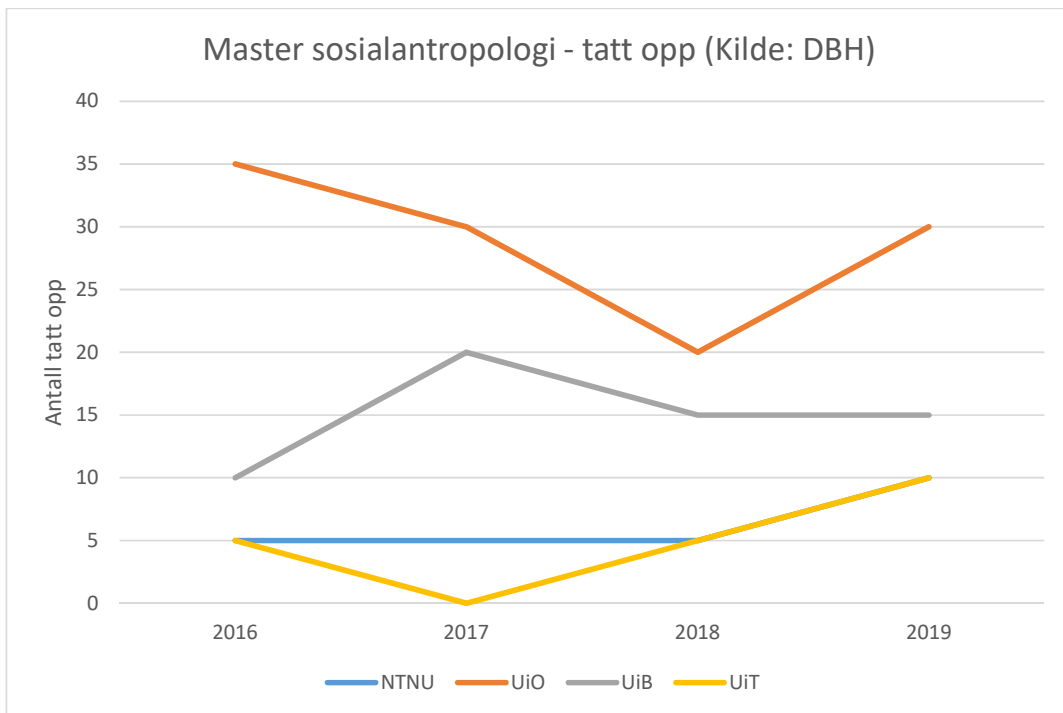

- Antall søknader totalt (uavhengig av prioritet)
- Antall tatt opp, dvs registrert.
- Antall tatt opp / søknader; indikerer opptakseffektivitet
- Relativ andel søkere og studenter tatt opp.

Dato: 23.01.2020

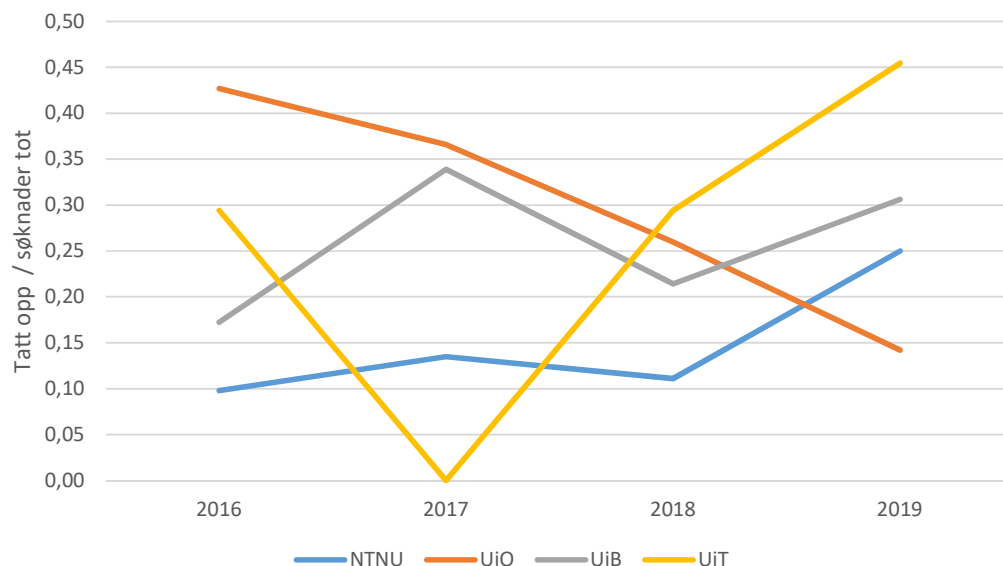

Jo Esten Hafsmo

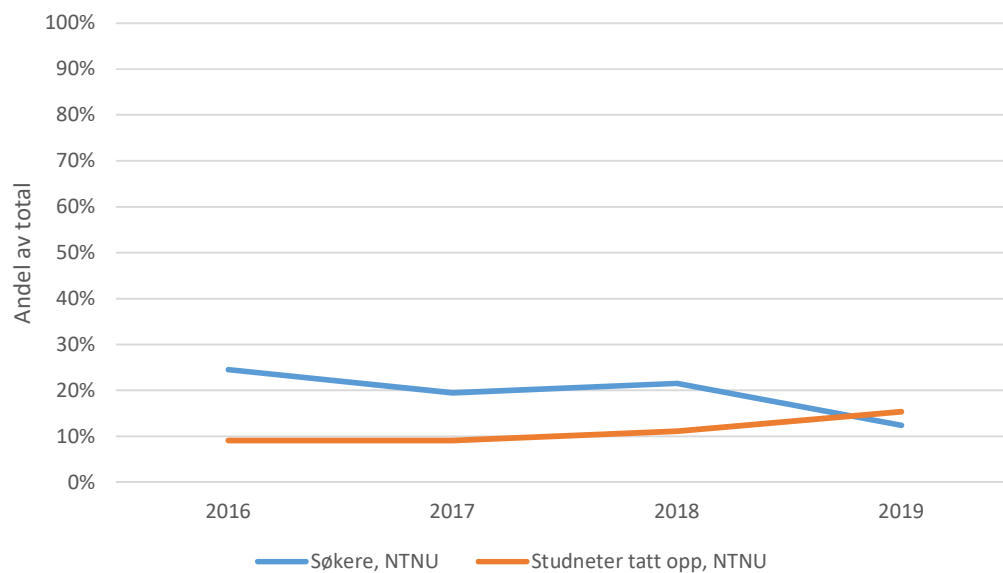

** = UiO har endret til internasjonalt program 2019

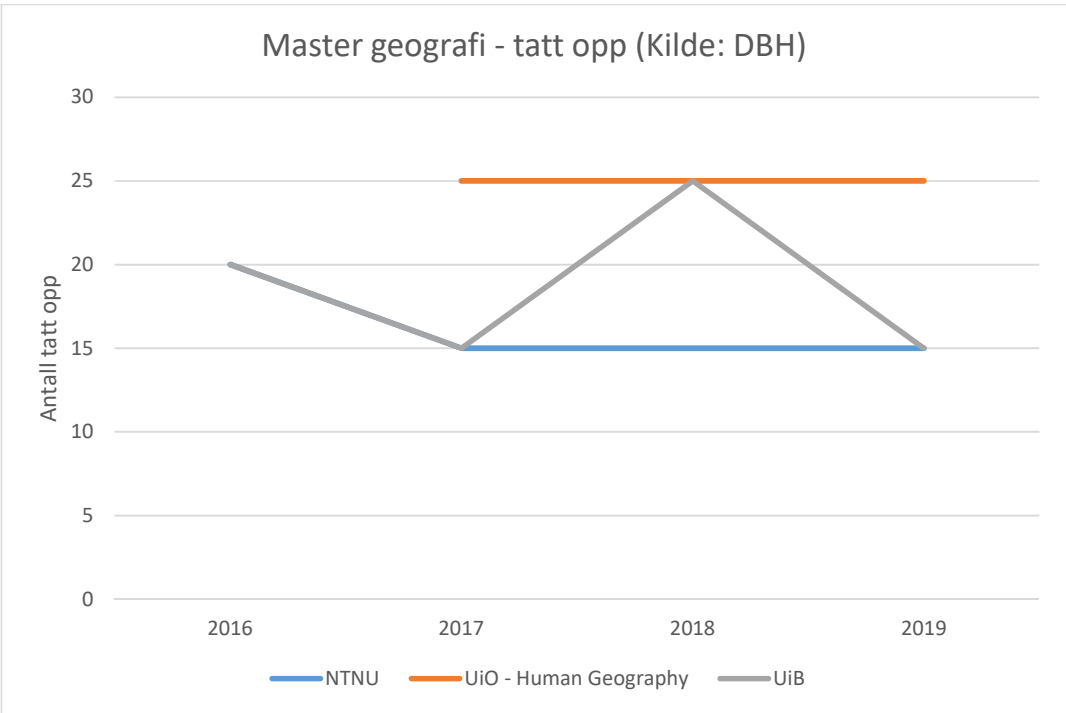

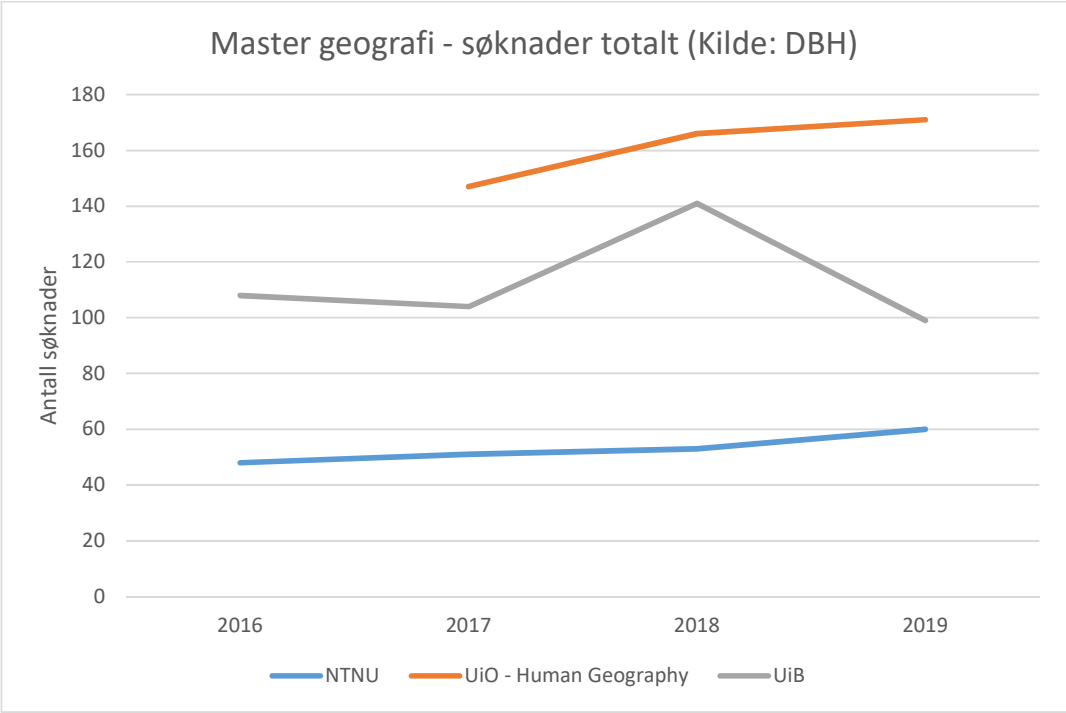

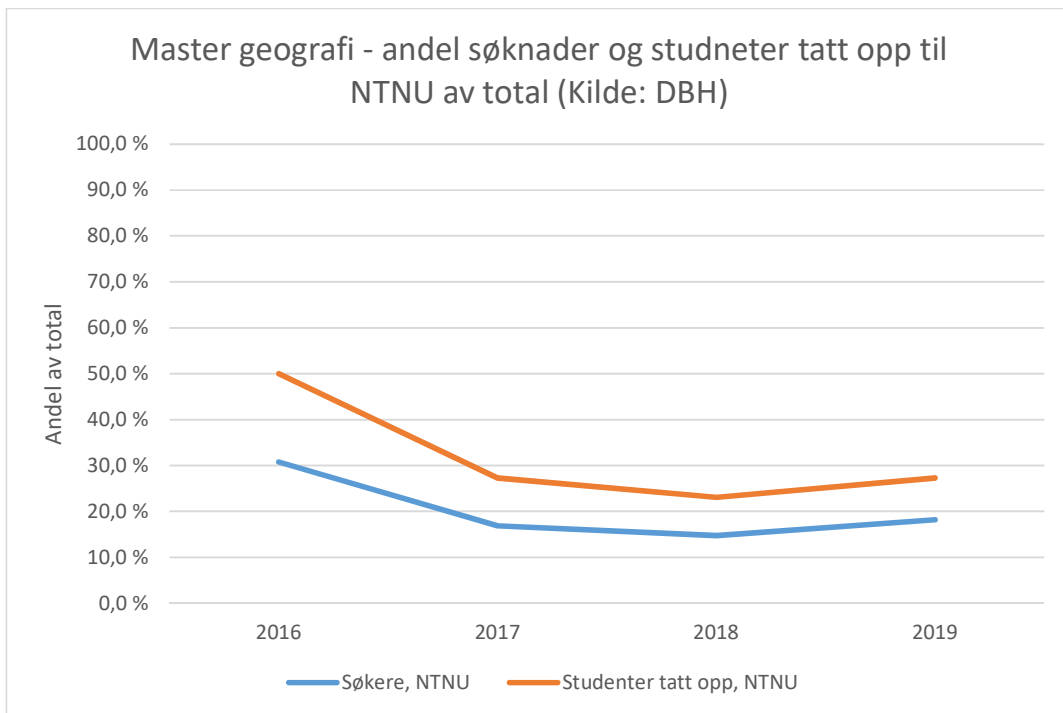

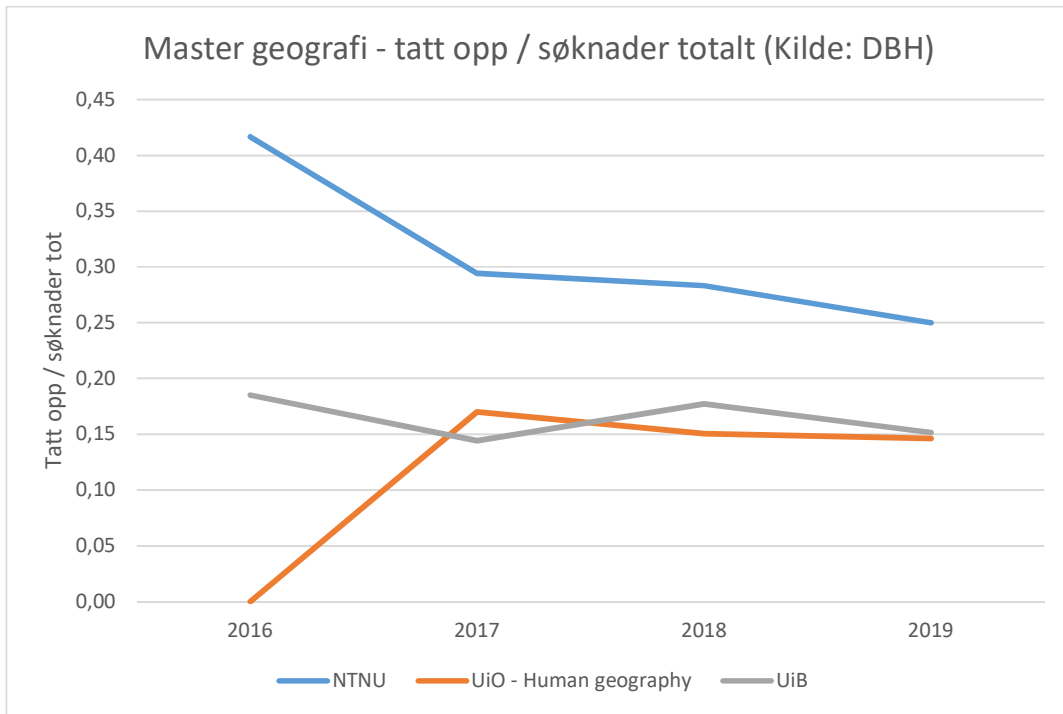

Master sosialantropologi - tatt opp / søknader totalt
(Kilde: DBH)

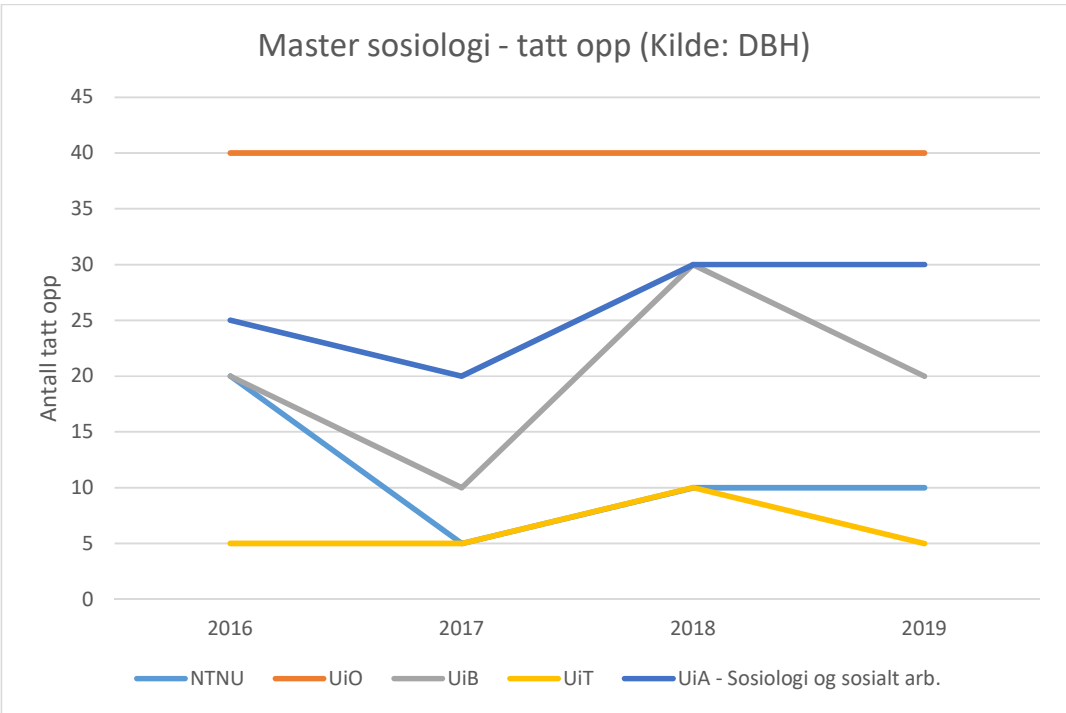

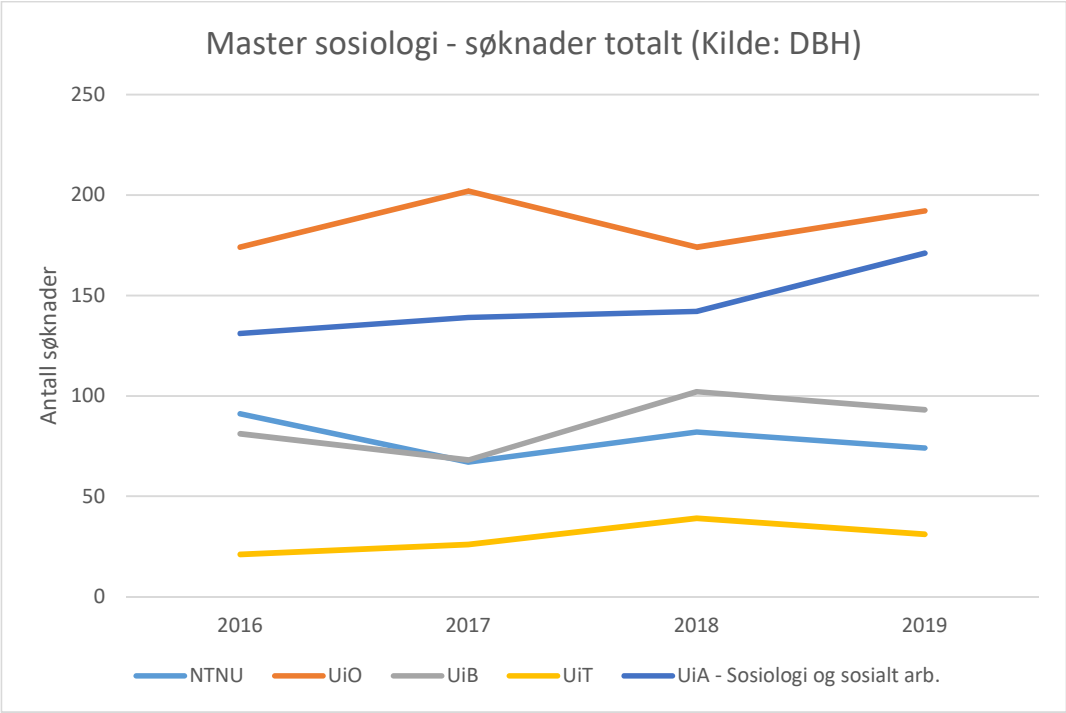

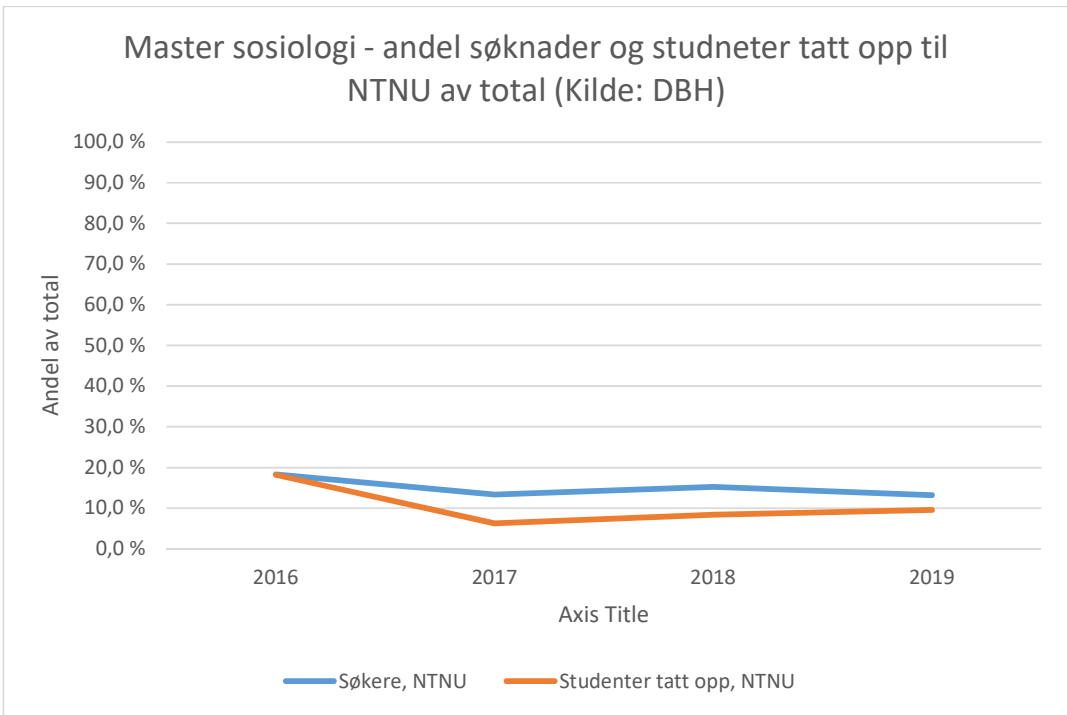

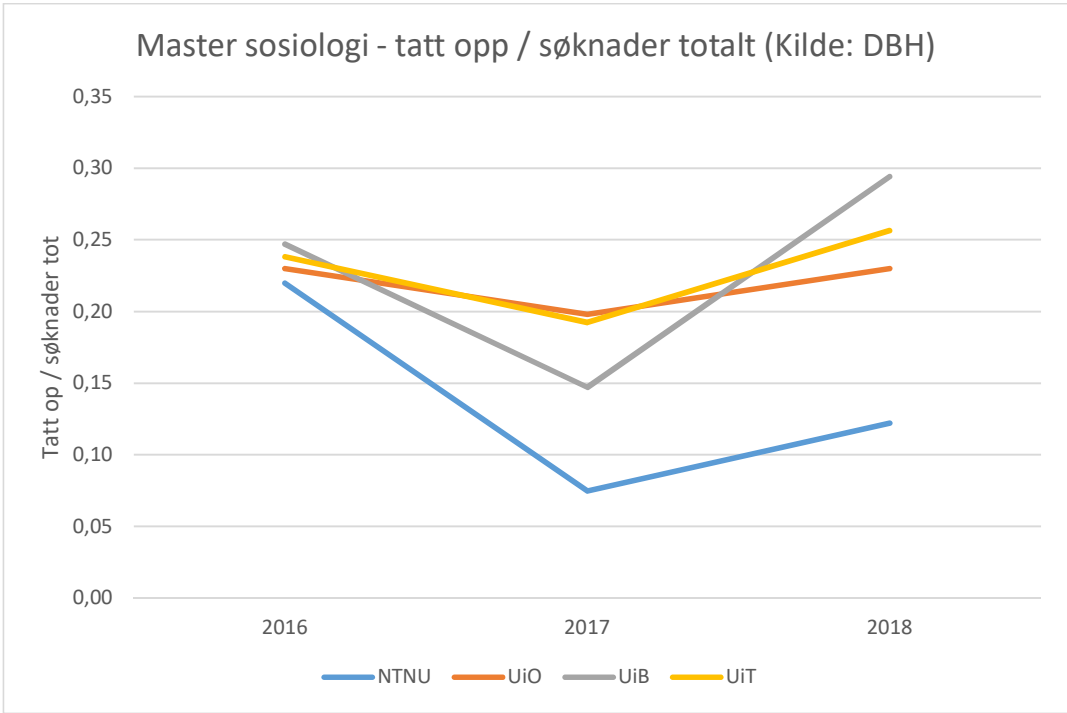

Master sosialantropologi - andel søknader og studenter tatt opp til NTNU av total (Kilde: DBH)

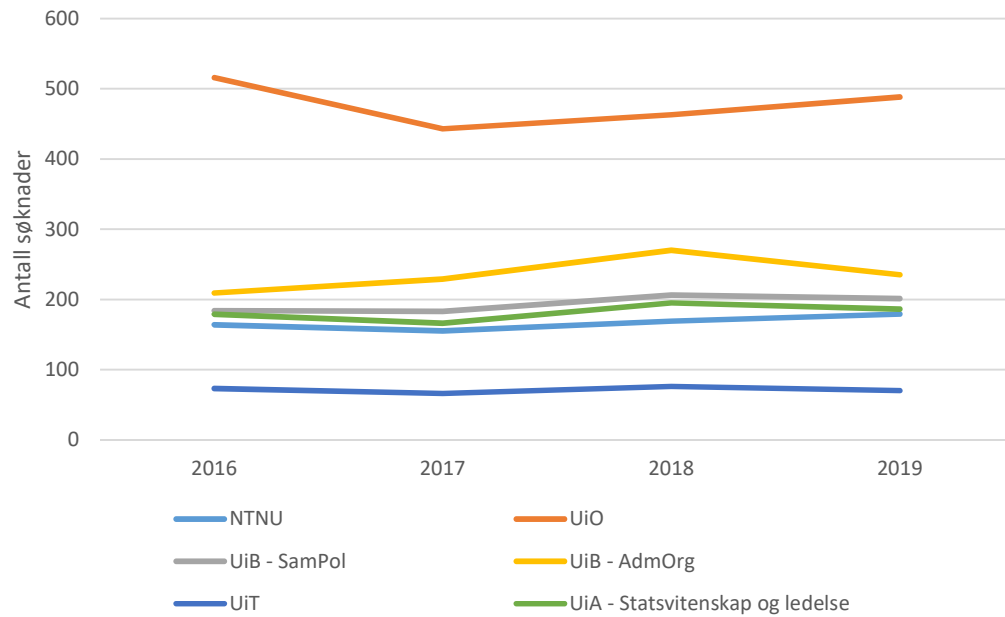

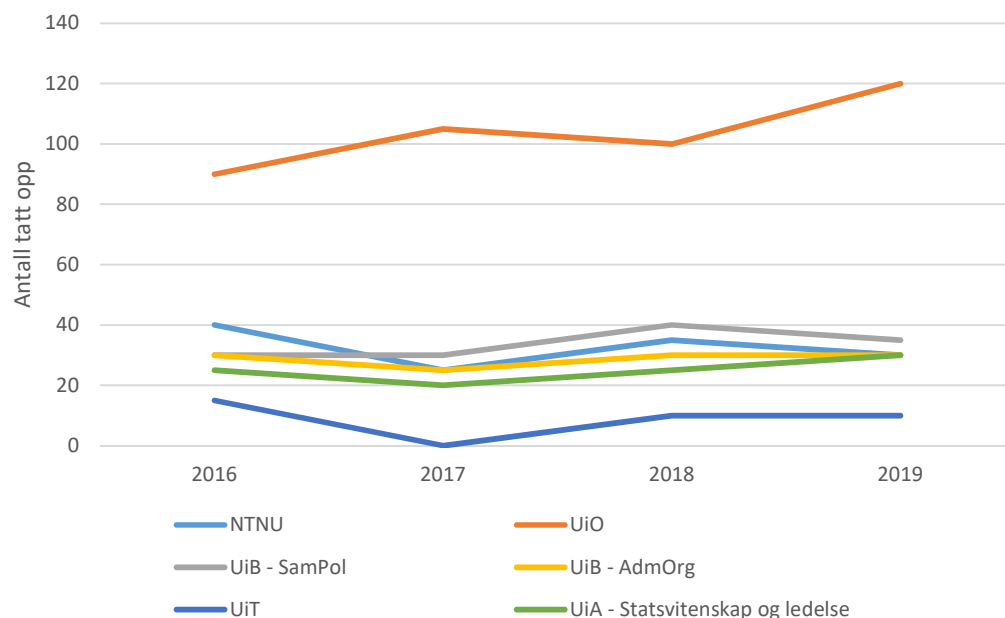

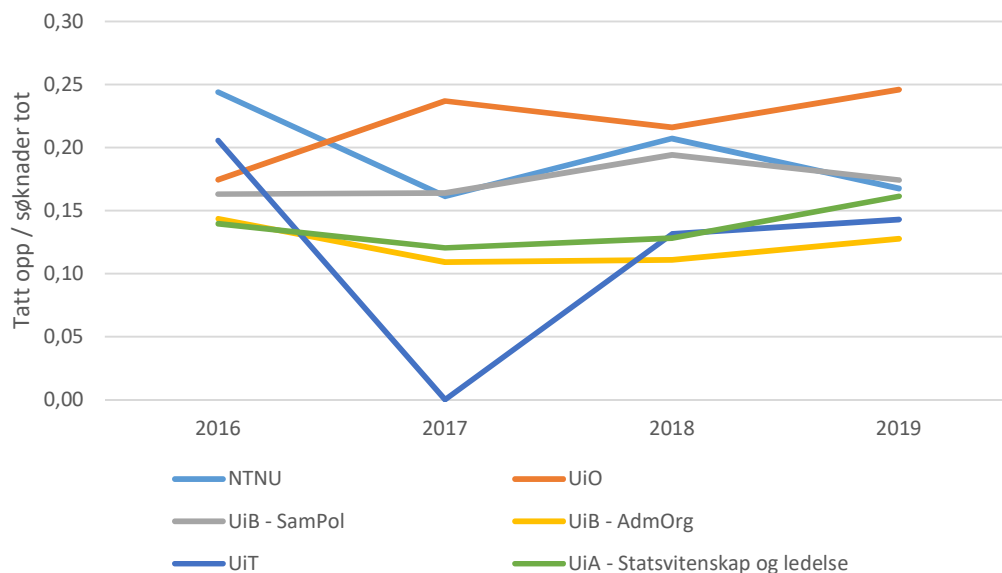

Master statsvitenskap - søknader totalt (Kilde: DBH)

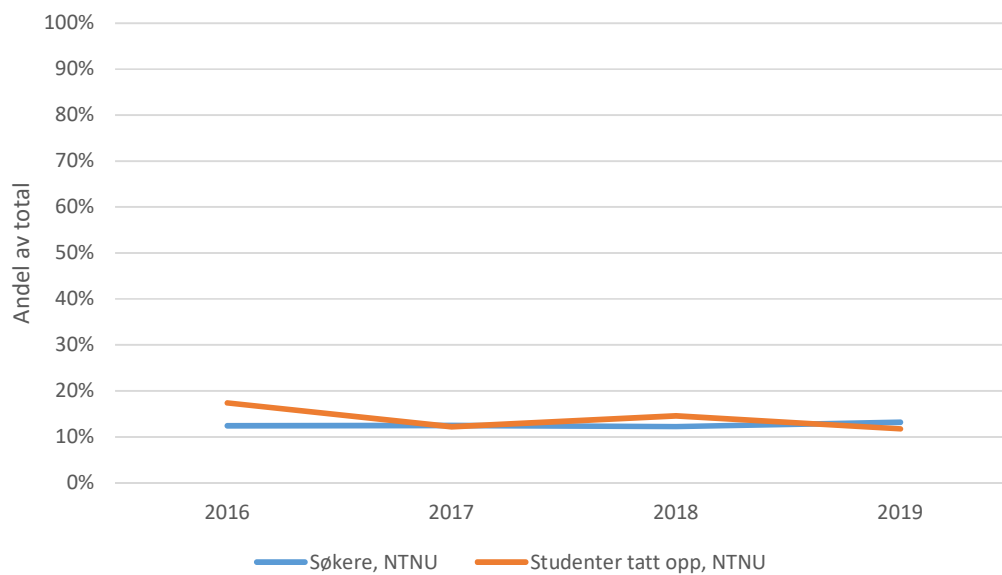

Master statsvitenskap - tatt opp (Kilde: DBH)

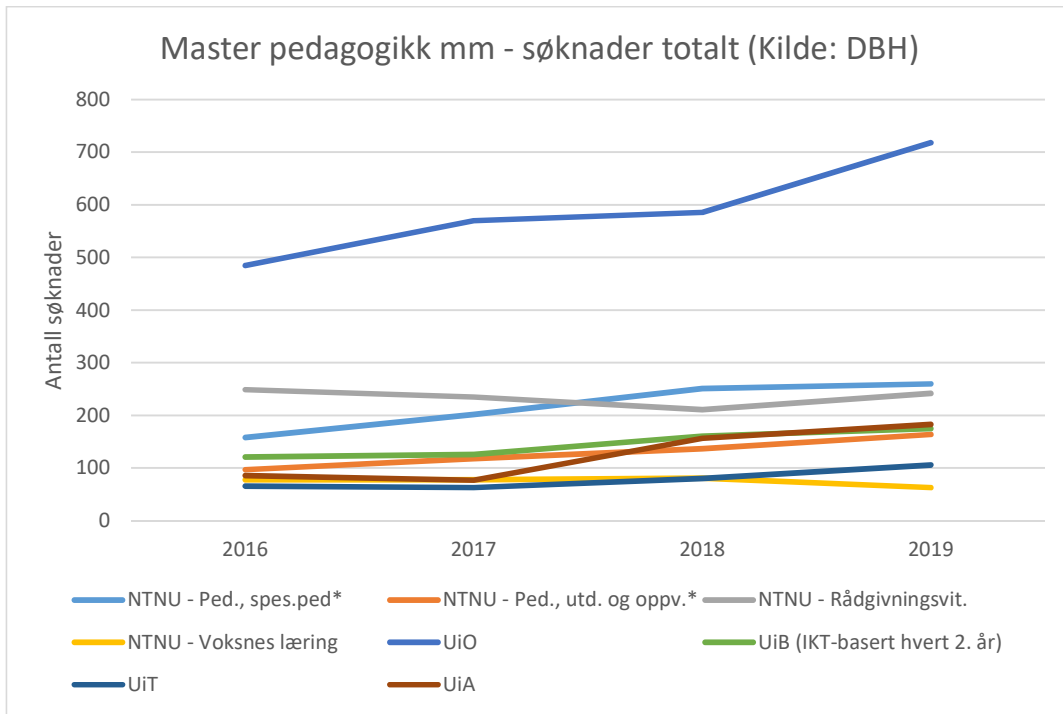

Master statsvitenskap - tatt opp / søknader totalt (Kilde: DBH)

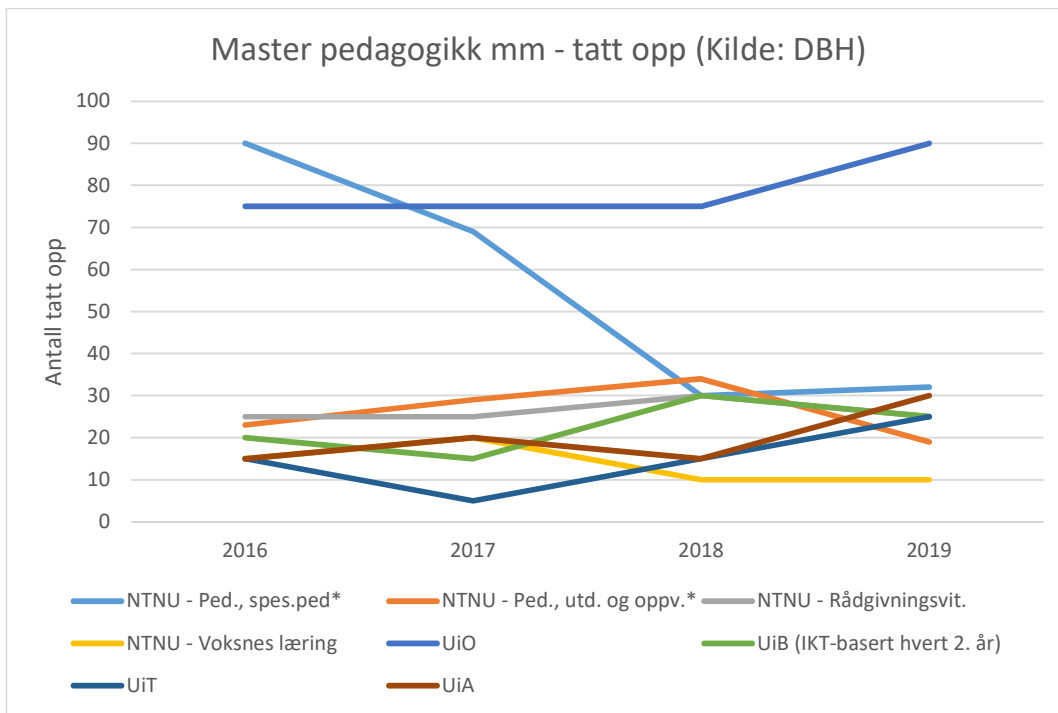

Master statsvitenskap - andel søknader og studneter tatt opp til NTNU av total (Kilde: DBH)
