

Department seminars - IBT

Every Wednesday, the Department of Biotechnology and Food Science arranges a lunch seminar that is actually a mixture of three different series: **PhD** is for our PhD candidates presenting their plans at startup, or their work as it ended close to dissertation. **Pro** is for professors and professionals presenting their own work or some topic within their own field of expertise. Since top class biotechnology is performed at a multitude of Departments at NTNU, people from outside is often invited. Moreover, there are exciting studies going on at NTNU far off our own field of science that should also be of major interest. Finally, series **Asp** = "annet spennende" may include anything else of exciting studies or hobbies with a touch of science or culture. So watch out!

Time: Every Wednesday 12:15 - 13:00.

Location: Lunch room 069 - Kjemiblokk III/IV.
