

Short course on Chinese language and culture
Spring 2019

As part of the UTFORSK Gateway to China project, NTNU Energy will run a short course on Chinese language and culture in spring 2019. The course will be comprised of six sessions, each session will be one hour long. Through this course, it will equip you with some basic knowledge of Mandarin, the official language of China. You will also gain a better understanding of Chinese culture, including some dos and don'ts in the Chinese society. Hopefully it will make your trip or stay in China easier and more rewarding.

This course is open to everyone and free of charge.
